INFORMATION CIRCULAR

with information current as of January 12, 2022

(except as otherwise indicated)

This Information Circular is furnished in connection with the solicitation of proxies by the management of **DEEP-SOUTH RESOURCES INC.** (“**Deep-South Resources Inc.**” or the “**Company**”) for use at the Annual General and Special Meeting (the “**Meeting**”) of the shareholders of the Company, to be held in a virtual-only format via the Internet at 10:30 a.m. (Pacific Standard Time) on February 25, 2022 and for the purposes set forth in the accompanying Notice of Meeting and at any adjournment thereof. In this Information Circular, references to “the Company”, “we” and “our” refer to Deep-South Resources Inc. “Common Shares” means common shares without par value in the capital of the Company. “Registered Shareholders” means shareholders whose names appear on the records of the Company as the registered holders of Common Shares. “Beneficial Shareholders” means shareholders who do not hold Common Shares in their own name and “intermediaries” refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of Beneficial Shareholders.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally, by telephone or by other communication medium, including email, by directors, officers and regular employees of the Company. Although the Company has not done so at the time of mailing of this Information Circular, the Company may retain a soliciting agent to assist with the solicitation of proxies for the Meeting. The Company will bear all costs of this solicitation. We have arranged for intermediaries to forward the meeting materials to beneficial owners of the Common Shares held of record by those intermediaries and we may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

Virtual Meeting

This year to mitigate risks to the health and safety of the Company’s shareholders, employees and other stakeholders, the Company will be holding its Meeting in a virtual only format. Shareholders will have an equal opportunity to participate at the Meeting online regardless of geographic location. Registered Shareholders and proxyholders will be able to attend the Meeting and vote virtually. Non-Registered Shareholders who have not duly appointed themselves as proxyholder will be able to attend the Meeting as a guest but will not be able to vote at the Meeting. This voting restriction results from the transfer agent not having a record of non-Registered Shareholders, such that it would be unable to confirm shareholdings or entitlement to vote unless they appoint themselves as proxyholder. Please see “Appointment and Revocation of Proxy” below.

Attending the Meeting Virtually

This year to mitigate risks to the health and safety of the Company’s shareholders, employees and other stakeholders, the Company will be holding its Meeting in a virtual only format. Shareholders will have an equal opportunity to participate at the Meeting online regardless of geographic location. Registered shareholders and proxyholders will be able to attend the Meeting and vote virtually. non-Registered Shareholders who have not duly appointed themselves as proxyholder will be able to attend the Meeting as a guest but will not be able to vote at the Meeting. This voting restriction results from the transfer agent not having a record of non-Registered Shareholders, such that it would be unable to confirm shareholdings or entitlement to vote unless they appoint themselves as proxyholder. Please see “Appointment and Revocation of Proxy” below.

Attending the Meeting Virtually

Shareholders will not be able to attend the Meeting in person. Instead, Registered shareholders and duly appointed proxyholders can virtually attend, participate, vote or submit questions at the virtual Meeting online and non-Registered Shareholders will be able to attend the virtual Meeting online by registering before February 23, 2022 at the following link:

<https://bit.ly/3ffeGAJ>

After registering by completing the online survey, you will receive a confirmation email with access instructions.

To ensure a smooth process, the Company is asking registered participants to log in by 10:15 a.m. (PST) on February 25, 2022. It is the shareholders' responsibility to ensure connectivity during the meeting and the Company encourages its shareholders to allow sufficient time to log in to the Meeting before it begins.

Just as they would be at an in-person meeting, Registered Shareholders and duly appointed proxyholders will be able to attend the virtual Meeting, participate, submit questions online and vote virtually, all in real time, provided they are connected to the internet and comply with all of the requirements set out herein. Registered Shareholders who are unable to attend the virtual Meeting are requested to complete, sign and date the accompanying form of proxy in accordance with the instructions provided therein and return it in accordance with the instructions and timelines set forth below. Non-registered (or beneficial) shareholders who have not duly appointed themselves as proxyholder will be able to attend the virtual Meeting as "guests", but will not be able to participate, submit questions or vote at the virtual Meeting.

Appointment of Proxyholders

As a Registered Shareholder, you may wish to vote by proxy whether or not you are able to attend the Meeting in person.

The individuals named in the accompanying form of proxy (the "**Proxy**") are officers and/or directors of the Company. If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.

Voting

Voting at the Meeting will be based on the number of Shares voted by proxy and in person on each matter. Only Registered Shareholders or duly appointed proxyholders with Proxy documentation acceptable to the Chairman of the meeting will be recognized to make motions or vote at the Meeting.

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors,
- b) any amendment to or variation of any matter identified therein, and
- c) any other matter that properly comes before the Meeting,

to the extent permitted by law, whether or not the amendment or other matter that comes before the Meeting is contested.

If any amendments or variations are proposed at the Meeting or any adjournment thereof to matters set forth in the proxy and described in the accompanying Notice of Meeting and this Information Circular, or if any other matters properly come before the Meeting or any adjournment thereof, the proxy confers upon the shareholder's nominee discretionary authority to vote on such amendments or variations or such other matters according to the best judgment of the person voting the proxy at the Meeting or any adjournment thereof. At the date of this Information Circular, management of the Company knows of no such amendments or variations or other matters to come before the Meeting.

In respect of a matter for which a choice is not specified by you in the Proxy, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter, and for the election of directors and appointment of auditor as set out in this Information Circular.

PERSONS OR COMPANIES MAKING THE SOLICITATION

The enclosed instrument of proxy is solicited by management. Solicitations will be made by mail, subject to the use of Notice-and Access Provisions (defined below) in relation to the delivery of the Information Circular, and possibly supplemented by telephone or other personal contact to be made without special compensation by regular officers and employees of the Company. The Company may reimburse shareholders' nominees or agents (including brokers holding shares on behalf of clients) for the cost incurred in obtaining authorization from their principals to execute the instrument of proxy. No solicitation will be made by specifically engaged employees or soliciting agents. The cost of solicitation will be borne by the Company. None of the directors of the Company have advised management in writing that they intend to oppose any action intended to be taken by management as set forth in this Information Circular.

NOTICE-AND-ACCESS

"Notice-and-Access Provisions" means provisions concerning the delivery of proxy-related materials to shareholders found in section 9.1.1 of National Instrument 51-102 – *Continuous Disclosure Obligations* ("NI 51-102"), in the case of Registered Shareholders, and section 2.7.1 of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("NI 54-101"), in the case of Beneficial Shareholders, which allows a public company to deliver proxy-related materials to its shareholders via certain specified electronic means provided that the conditions of NI 51-102 and NI 54-101 are met.

The Company has decided to utilize the Notice and Access Provisions this year and to deliver this Information Circular and the supplemental mailing list request card (collectively, the **"Meeting Materials"**) to shareholders by posting the Meeting Materials at the following internet <http://www.envisionreports.com/DSMAGM 2021>. The Meeting Materials, together with a copy of the Notice of Meeting and Notice and Access notification form, will be available on this website as of January 20, 2022 and will remain on the website for one full year thereafter. The Meeting Materials, together with a copy of the Notice of Meeting and Notice and Access notification form, will also be available under the Company's profile on SEDAR at www.sedar.com as of January 20, 2022.

Shareholders who wish to receive a paper copy of the Meeting Materials may request a copy from the Company by sending written notice to Suite 888 - 700 West Georgia Street, Vancouver, British Columbia V7Y 1G5, or by fax to (604) 662-3791; by telephone call to the Company at (604) 718-5454 or toll-free: 1-888-500-4587; or by email to the Company at info@deepsouthresources.com. Meeting Materials will be sent to such shareholder at no cost to them.

GENERAL PROXY INFORMATION

Appointment of Proxyholders

The individuals named in the accompanying form of proxy (the **"Proxy"**) are officers and/or directors of the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for**

you and on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors,
- (b) any amendment to or variation of any matter identified therein, and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter.

Registered Shareholders

Registered shareholders may wish to vote by proxy whether or not they attend the Meeting via teleconference. Registered shareholders electing to submit a proxy may do so by choosing one of the following methods:

- (a) complete, date and sign the enclosed Proxy form and return it to the Company's transfer agent, Computershare Investor Services Inc. ("**Computershare**"), by fax within North America at 1-866-249-7775, outside North America at (416) 263-9524, or by mail or by hand to the 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1; or
- (b) use a touch-tone phone to transmit voting choices to the toll-free number given in the Proxy. Registered shareholders must follow the instructions of the voice response system and refer to the enclosed Proxy form for the toll-free number, the holder's account number and the Proxy access number; or
- (c) log onto Computershare's website at www.investorvote.com. Registered shareholders must follow the instructions provided on the website and refer to the enclosed Proxy form for the holder's account number and the Proxy access number.

In either case you must ensure your proxy is received at least 48 hours (excluding Saturdays, Sundays and statutory holidays) before the Meeting or the adjournment thereof. Failure to complete or deposit a proxy properly may result in its invalidation.

Late proxies may be accepted or rejected by the Chairman of the Meeting at his discretion and the Chairman of the Meeting is under no obligation to accept or reject any particular late proxy. The Chairman of the Meeting may waive or extend the proxy cut-off without notice.

Beneficial Shareholders

The following information is of significant importance to shareholders who do not hold Common Shares in their own name. Beneficial Shareholders should note the only proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records of the Company as the registered holders of Common Shares) or as set out in the following disclosure.

If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Company. Such Common Shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada,

the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms), and in the United States of America (the “U.S.” or the “**United States**”) the vast majority of such Common Shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

Generally, Beneficial Shareholders fall under two categories - those who object to their name being made known to the issuers of securities which they own (called “**OBOs**” for “*Objecting Beneficial Owners*”) and those who do not object to the issuers of the securities they own knowing who they are (called “**NOBOs**” for “*Non-Objecting Beneficial Owners*”).

These securityholder materials are sent to both registered and non-registered (beneficial) owners of the securities of the Company. If you are a non-registered owner, and the Company or its agent sent these materials directly to you, your name, address and information about your holdings of securities, were obtained in accordance with applicable securities regulatory requirements from the intermediary holding securities on your behalf.

Beneficial Shareholders who are OBOs should follow the instructions of their intermediary carefully to ensure that their Common Shares are voted at the Meeting.

The form of proxy supplied to you by your broker will be similar to the proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote on your behalf. Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. (“**Broadridge**”) in Canada and in the United States. Broadridge mails a Voting Instruction Form (“**VIF**”) in lieu of a proxy provided by the Company. The VIF will name the same persons as the Company’s Proxy to represent you at the Meeting. You have the right to appoint a person (who need not be a Beneficial Shareholder of the Company), different from the persons designated in the VIF, to represent your Common Shares at the Meeting, and that person may be you. To exercise this right insert the name of your desired representative (which may be you) in the blank space provided in the VIF. Once you have completed and signed your VIF return it to Broadridge by mail or facsimile, or deliver your voting instructions to Broadridge by phone or via the internet, in accordance with Broadridge’s instructions. Broadridge tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **If you receive a VIF from Broadridge, it must be completed and returned to Broadridge, in accordance with Broadridge’s instructions, well in advance of the Meeting in order to: (a) have your Common Shares voted at the Meeting as per your instructions; or (b) have an alternate representative chosen by you duly appointed to attend and vote your Common Shares at the Meeting.**

Notice to Shareholders in the United States

The solicitation of proxies involves securities of an issuer located in Canada and is being effected in accordance with the corporate laws of the Province of British Columbia, Canada and securities laws of the provinces of Canada. The proxy solicitation rules under the United States *Securities Exchange Act of 1934*, as amended, are not applicable to the Company or this solicitation, and this solicitation has been prepared in accordance with the disclosure requirements of the securities laws of the provinces of Canada. Shareholders should be aware that disclosure requirements under the securities laws of the provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Company is incorporated under the *Business Corporations Act* (British Columbia), certain of its directors and its executive officers are residents of Canada and a substantial portion of its assets and the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

EXERCISE OF DISCRETION

If the instructions in an instrument of proxy are certain, the Common Shares represented thereby will be voted on any poll by the persons named in the instrument of proxy and, where a choice with respect to any matter to be acted upon has been specified in the instrument of proxy, the Common Shares represented thereby will, on a poll, be voted or withheld from voting in accordance with the specifications so made.

Where no choice has been specified by the shareholder, such Common Shares will, on a poll, be voted in accordance with the notes to the instrument of proxy.

The enclosed Proxy form, when properly completed and delivered and not revoked, confers discretionary authority upon the persons appointed proxyholders thereunder to vote with respect to any amendments or variations of matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting. At the time of the printing of this Information Circular, management of the Company knows of no such amendment, variation or other matter which may be presented to the Meeting.

RECORD DATE, VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The board of directors (the “**Board**”) has fixed January 12, 2022 as the record date (the “**Record Date**”) for determination of persons entitled to receive notice of the Meeting. Only shareholders of record at the close of business on the Record Date who either personally attend the Meeting or who complete and deliver an instrument of proxy in the manner and subject to the provisions set out under the heading “*General Proxy Information*” above will be entitled to vote or have their Common Shares voted at the Meeting or any adjournment thereof.

The Common Shares are listed on the TSX Venture Exchange (the “**TSXV**”), under the symbol “DSM”. As at January 12, 2022 there were 146,334,700 Common Shares without par value issued and outstanding, each Common Share carrying the right to one vote. No group of shareholders has the right to elect a specified number of directors, nor are there cumulative or similar voting rights attached to the Common Shares. At a general meeting of the Company, every shareholder shall have one vote for each Common Share of which they are the holder.

To the knowledge of the directors and executive officers of the Company, there were no persons or corporations who beneficially owned, directly or indirectly, or exercised control or direction over, Common Shares carrying more than 10% of the voting rights attached to all outstanding Common Shares of the Company as at January 12, 2022 except as follows:

Shareholder Name	Number of Common Shares Held	Percentage of Issued Common Shares
Teck Resources Ltd.	22,579,608	15.43%

VOTES NECESSARY TO PASS RESOLUTIONS

A simple majority of affirmative votes cast at the Meeting is required to pass the resolutions described herein. If there are more nominees for the election of directors than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected until all such vacancies have been filled.

The Company is a “**venture issuer**” as defined under NI 51-102 and is disclosing its director and executive compensation in accordance with Form 51-102F6V – *Statement of Executive Compensation-Venture Issuers* (“**Form 51-102F6V**”).

Oversight and Description of Director and NEO Compensation

Director Compensation

The Company pays a cash compensation to independent directors equal to \$1,500 per quarter. The Chairman of the Board is paid \$2,500 per month. The compensation is for their services in their capacity as directors, except for the granting from time to time of incentive stock options in accordance with the Stock Option Plan and the policies of the TSXV. Should the Company's financial circumstances change in fiscal 2022, the Compensation Committee together with the Board as a whole will determine if there is a need to modify the compensation payable to the directors of the Company, taking into consideration general industry standards for companies similar to the Company.

The Board believes that the granting of incentive stock options provides a reward to directors for achieving results that improve Company performance and thereby increase shareholder value, where such improvement is reflected in an increase in the Company's share price. In making a determination as to whether a grant of long-term incentive stock options is appropriate and if so, the number of options that should be granted, the Board considers: the number and terms of outstanding incentive stock options held by each director; the aggregate value in securities of the Company that the Board intends to award as compensation; the potential dilution to shareholders; general industry standards and the limits imposed by the terms of the Stock Option Plan and the TSXV policies. The granting of incentive stock options allows the Company to reward directors for their efforts to increase value for shareholders without requiring the Company to use cash from its treasury. The terms and conditions of the Company's stock option

grants, including vesting provisions and exercise prices, are governed by the terms of the Stock Option Plan, which are described under “*Stock Option Plans and Other Incentive Plans*” above.

The directors may be reimbursed for actual expenses reasonably incurred in connection with the performance of their duties as directors.

Named Executive Officer Compensation

The Company has a Compensation Committee consisting of Jean Luc Roy, Tim Fernback and Ally Angula. Ally Angula joined the Board on August 5, 2021 and replaced John Akwenye as a member of the Compensation Committee effective that date. Within the meaning of National Instrument 52-110 “*Audit Committees*” (“**NI 52-110**”) majority of the members of the Compensation Committee are independent directors. The Compensation Committee of the Board directs the design and provides oversight for the Company’s executive compensation program and has overall responsibility for recommending levels of executive compensation that are competitive in order to attract, motivate and retain highly skilled and experienced executive officers. The Compensation Committee does not have a formal compensation program with set benchmarks; however, the Compensation Committee does have an informal program which seeks to reward an executive officer’s current and future expected performance and the achievements of corporate milestones and align the interests of executive officers with the interests of the Company’s shareholders.

The Compensation Committee’s responsibilities include reviewing and making recommendations to the Board with respect to the adequacy and the form of compensation to all executive officers and directors of the Company; making recommendations to the Board in respect of the grant of stock options to management, directors, officers and other employees and consultants of the Company; and monitoring the performance of the Company’s executive officers.

The Company’s executive compensation philosophy and program objectives are directed primarily by two guiding principles. First, the program is intended to provide competitive levels of compensation, at expected levels of performance, in order to attract, motivate and retain talented executives. Second, the program is intended to create an alignment of interest between the Company’s executives and shareholders so that a significant portion of each executive’s compensation is linked to maximizing shareholder value. In support of this philosophy, the executive compensation program is designed to reward performance that is directly relevant to the Company’s short-term and long-term success. The Company attempts to provide both short-term and long-term incentive compensation that varies based on corporate and individual performance.

The Company’s executive compensation program is structured into three main components: employment agreement, consulting fees and long term incentives in the form of stock options granted pursuant to the Stock Option Plan. The following discussion describes the Company’s executive compensation program by component of compensation and discusses how each component relates to the Company’s overall executive compensation objective. In establishing the executive compensation program, the Company believes:

- consulting fees provide an immediate cash incentive for the Company’s NEOs and should be at levels competitive with peer companies that compete with the Company for business opportunities and executive talent; and
- stock options ensure that the NEOs are motivated to achieve the long-term growth of the Company, increase shareholder value and provide capital accumulation linked directly to the Company’s performance.

The Company places equal emphasis on consulting fees and stock options as short-term and long-term incentives, respectively.

The Company determines the amount of the consulting fees and stock options to be paid/granted to each NEO based on the performance of the individual and the performance of the Company during the respective year and in comparison to compensation paid to executive officers of other companies which are at a similar stage of development as the Company.

The Company’s executive compensation program has been designed to accomplish the following long- term objectives:

- create a proper balance between building shareholder wealth and competitive executive compensation while maintaining good corporate governance practices;
- produce long-term, positive results for the Company’s shareholders;
- align executive compensation with corporate performance and appropriate peer group comparisons; and
- provide market-competitive compensation and benefits that will enable the Company to recruit, retain and motivate the executive talent necessary to be successful.

As set out above, NEOs are eligible under the Stock Option Plan to receive grants of stock options. The Stock Option Plan is an important part of the Company’s long-term incentive strategy for its officers, permitting them to participate in any appreciation of the market value of the Common Shares over a stated period of time. The Stock Option Plan is intended to reinforce commitment to long-term growth in profitability and shareholder value. Stock options are granted by the Board. The size of stock option grants to officers is dependent on each officer’s level of responsibility, authority and importance to the Company and the degree to which such officer’s long-term contribution to the Company will be key to its long-term success.

Other than as described above, there are no other perquisites provided to the NEOs. The Company does not use specific benchmark groups in determining compensation or any element of compensation.

See “*Employment, Consulting and Management Agreements*” above for a description of the Company’s consulting and employment arrangements with Mr. Léveillé, President, Chief Executive Officer & Director, Mr. Roy, Chief Operating Officer and Director, Ms. Collins, Chief Financial Officer of the Company.

Stock Options Plans and Other Incentive Plans

The Company’s current stock option plan (the “**Stock Option Plan**”), which was also the Company’s only equity compensation plan as of August 31, 2021, is administered by the Board who has the full authority and sole discretion to grant options under the Stock Option Plan to any eligible recipient, including themselves. Eligible recipients include: directors, senior officers, employees, and consultants of, or employees of management companies providing services to, the Company or its subsidiaries.

The key terms of the Stock Option Plan are as follows (capitalized terms used in this section have the meaning ascribed to them in the policies of the TSXV):

The TSXV policy requires all of its listed companies to have a share option plan if the company intends to grant options. Shareholders approved the adoption of the Company's 10% rolling share option plan dated for reference April 7, 2016, at its Annual General and Special Meeting held on June 10, 2016 (the "**Plan**").

The Plan is a 10% maximum rolling plan. Options granted under the Plan are not exercisable for a period longer than 10 years and the exercise price must be paid in full upon exercise of the option. At the date of this Information Circular, there were options outstanding to purchase an aggregate of 12,765,000 Common Shares under the Company's Plan.

The Plan is subject to the following restrictions:

- (a) The Company must not grant an option to any one individual director, officer, employee, management company employee, consultant or company consultant (the "Service Provider") in any 12 month period that exceeds 5% of the outstanding shares, unless the Company has obtained approval to do so by a majority of the votes cast by the shareholders of the Company eligible to vote at a shareholders' meeting, excluding votes attaching to shares beneficially owned by insiders and their associates ("**Disinterested Shareholder Approval**");
- (b) The aggregate number of options granted to a Service Provider conducting investor relations activities in any 12 month period must not exceed 2% of the outstanding Common Shares calculated at the date of the grant, without the prior consent of the TSXV;
- (c) The Company must not grant an option to any one individual consultant in any 12 month period that exceeds 2% of the outstanding shares calculated at the date of the grant of the option, without the prior consent of the TSXV;
- (d) The aggregate number of Common Shares reserved for issuance under options granted to insiders must not exceed 10% of the outstanding Common Shares (in the event that the Plan is amended to reserve for issuance more than 10% of the outstanding Common Shares) unless the Company has obtained Disinterested Shareholder Approval to do so;
- (e) The aggregate number of Common Shares issued for option to insiders in any 12 month period must not exceed 10% of the outstanding Common Shares (in the event that the Plan is amended to reserve for issuance more than 10% of the outstanding Shares) unless the Company has obtained Disinterested Shareholder Approval to do so;
- (f) The issuance to any one Optionee within a 12 month period of a number of Common Shares must not exceed 5% of outstanding Common Shares unless the Company has obtained Disinterested Shareholder Approval to do so;
- (g) any one Person engaged in Investor Relations Activities for the Company must vest in stages over a 12 month period with no more than 1/4 of the Options vesting in any three month period; and
- (h) The exercise price of an option previously granted to an insider must not be reduced, unless the Company has obtained Disinterested Shareholder Approval to do so.

Material Terms to the Plan

The following is a summary of the material terms of the Plan:

- (a) Persons who are Service Providers to the Company or its affiliates, or who are providing services to the Company or its affiliates, are eligible to receive grants of options under the Plan;
- (b) options granted under the Plan are non-assignable and non-transferable and are issuable for a period of up to ten (10) years;

- (c) for options granted to Service Providers, the Company must ensure that the proposed Optionee is a bona fide Service Provider of the Company or its affiliates;
- (d) if there is a takeover bid for all or any of the issued and outstanding Common Shares, then all outstanding Options, whether fully vested and exercisable or remaining subject to vesting provisions or other limitations on exercise, shall become exercisable in full to enable the Optioned Shares to be issued and tendered to such bid, subject to prior written approval of the TSXV;
- (e) an Option granted to any Service Provider will expire 60 days (or such other time, not to exceed one year, as shall be determined by the Board as at the date of grant or agreed to by the Board and the Optionee at any time prior to expiry of the Option), after the date the Optionee ceases to be employed by or provide services to the Company, and only to the extent that such Option was vested at the date the Optionee ceased to be so employed by or to provide services to the Company;
- (f) if an Optionee dies, any vested option held by him at the date of death will become exercisable by the Optionee's lawful personal representatives, heirs or executors until the earlier of one year after the date of death of such Optionee and the date of expiration of the term otherwise applicable to such Option;
- (g) in the case of an Optionee being dismissed from employment or service for cause, such Optionee's options, whether or not vested at the date of dismissal will immediately terminate without right to exercise same;
- (h) the exercise price of each option will be set by the Board at the time such Option is allocated under the Plan, and cannot be less than the Discounted Market Price (as defined in the Plan);
- (i) vesting of Options shall be at the discretion of the Board, and will generally be subject to: (i) the Service Provider remaining employed by or continuing to provide services to the Company or any of its affiliates as well as, at the discretion of the Board, achieving certain milestones which may be defined by the Board from time to time or receiving a satisfactory performance review by the Company or any of its affiliates during the vesting period; or (ii) the Service Provider remaining as a Director of the Company or any of its affiliates during the vesting period;
- (j) the Plan contains a black-out provision restricting all or any of the Company's Service Providers to refrain from trading in the Company's securities until the restriction has been lifted by the Company;
- (k) no vesting requirements will apply to options granted under the Plan other than as required by TSXV policies; however, a four month hold period will apply to all Common Shares from the date of grant for all Options granted to:
 - (i) insiders of the Company; or
 - (ii) where Options are granted to any Service Provider, including Insiders, where the exercise price is at a discount to the Market Price; and
- (l) the Board reserves the right in its absolute discretion to amend, modify or terminate the Plan with respect to all common shares in respect of options which have not yet been granted under the Plan. Any amendment to any provision of the Plan will be subject to any necessary Regulatory approvals unless the effect of such amendment is intended to reduce (but not to increase) the benefits of the Plan to Service Providers.

The Board has determined that, in order to reasonably protect the rights of participants, as a matter of administration, it is necessary to clarify when amendments to the Plan may be made by the Board without further shareholder approval.

Accordingly, the Plan also provides that the Board may, without shareholder approval:

- (i) amend the Plan to correct typographical, grammatical or clerical errors;
- (ii) change the vesting provisions of an option granted under the Plan, subject to prior written approval of the TSXV, if applicable;
- (iii) change the termination provision of an Option granted under the Plan if it does not entail an extension beyond the original expiry date of such Option;
- (iv) make such amendments to the Plan as are necessary or desirable to reflect changes in securities laws applicable to the Company or any requested changes by the TSXV;
- (v) if the Company becomes listed or quoted on a stock exchange or stock market senior to the TSXV, it may make such amendments as may be required by the policies of such senior stock exchange or stock market; and
- (vi) amend the Plan to reduce, and not to increase, the benefits of this Plan to Service Providers.

A copy of the Stock Option Plan is available for review at the offices of the Company, Suite 888 – 700 West Georgia Street, Vancouver, BC V7Y 1G5 during normal business hours up to and including the date of the Meeting.

In accordance with the TSXV policies, as the Stock Option Plan is a “rolling” stock option plan, it must receive approval of the Company’s shareholders yearly at the Company’s annual general and special meeting. Refer to “*Particulars of Matters to be Acted Upon – 5. Continuation of Stock Option Plan*” below.

CORPORATE GOVERNANCE DISCLOSURE

Corporate governance relates to activities of the Board, the members of which are elected by and are accountable to the shareholders and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day-to-day management of the Company. The Board is committed to sound corporate governance practices, which are both in the interest of its shareholders and contribute to effective and efficient decision making.

National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) requires that each reporting company disclose its corporate governance practices on an annual basis. The Company’s general approach to corporate governance is summarized below.

Board of Directors

Independence

The Company’s Board is comprised of seven (7) directors: John Akwenye, Pierre Léveillé, Jean Luc Roy, Tim Fernback, Thomas Tumoscheit, Chad Williams, and Ally Angula.

Section 1.4 of National Instrument 52-110 – *Audit Committees* (“**NI 52-110**”) sets out the standard for director independence. Under NI 52-110, a director is independent if he has no direct or indirect material relationship with the Company. A material relationship is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director’s independent judgment. NI 52-110 also sets out certain situations where a director will automatically be considered to have a material relationship to the Company.

Applying the definition set out in section 1.4 of NI 52-110, five of the seven members of the Board are independent. The members who are independent are John Akwenye, Tim Fernback, Thomas Tumoscheit, Chad Williams, and Ally Angula. Messrs. Pierre Léveillé and Jean Luc Roy are not independent by virtue of the fact that they are executive officers of the Company (President/CEO and COO).

In order to facilitate its exercise of independent judgment in carrying out the responsibilities of the Board, the Board ensures that a majority of all members in attendance at Board meetings are independent.

Other Directorships

Certain directors of the Company serve as directors of one or more other reporting issuers or reporting issuer equivalents, as follows:

Name of Director	Reporting Issuer(s) or Equivalent(s)
Jean Luc Roy	CanAlaska Uranium Ltd. (TSXV/OTCQB)
Tim Fernback	CubicFarm Systems Inc. (TSXV) Tri Capital Opportunities Corp. (TSXV)
Chad Williams	Golden Tag Resources Ltd. (TSXV) Honey Badger Silver Inc. (TSXV) Karora Resources Inc. (TSXV) Blue Thunder Mining Inc. (TSXV)

Orientation and Continuing Education

The Company has not adopted a formalized process of orientation for new Board members. Orientation of new directors has been and will be conducted on an ad hoc basis through discussions and meetings with other directors, officers and employees where a thorough description of the Company's business, assets, operations and strategic plans and objectives are discussed. In addition, any new directors will be given: (a) the opportunity to familiarize themselves with the Company, the current directors and members of management; (b) copies of recently publicly filed documents of the Company, technical reports and the Company's internal financial information; (c) access to technical experts and consultants; and (d) a summary of significant corporate and securities legislation. Orientation activities have been and will be tailored to the particular needs and experiences of each director and the overall needs of the Board.

The Board does not take any formal measures to provide continuing education for the directors. Directors are given the opportunity for continuing education if they choose. The current directors all have prior public company experience. Directors are kept informed as to matters impacting, or which may impact, the Company's operations through reports and presentations at the Board meetings. Directors are also provided the opportunity to meet with senior management, advisors and other directors who can answer any questions that may arise. Board members are encouraged to communicate with management, auditors and technical consultants to keep themselves current with industry trends and developments and changes in legislation with management assistance and to attend related industry seminars in relation to the Company's operations. Board members have full access to the Company's records.

At this stage in the Company's development, and having regard to the background and experience of its directors, the Board does not feel it necessary to have such policies or programs in place.

Ethical Business Conduct

The Board has not adopted a formal written Code of Business Conduct and Ethics. In recruiting new Board members, the Board considers only persons with a demonstrated record of ethical business conduct.

The Board has concluded that fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law, in addition to the applicable corporate legislation restrictions placed on an individual director's participation in decisions of the Board in which the director has an interest, have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Nomination of Directors

The Board has not adopted a written mandate or formal procedure with respect to the nomination of directors. The Board, as a whole, is responsible for identifying individuals qualified to become new board members and recommending to the Board new director nominees for the next annual meeting the shareholders.

Nominees have historically been recruited by the efforts of existing Board members, and the recruitment process has involved both formal and informal discussions among committee and Board members. New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the required time, show support for the Company's mission and strategic objectives and have a willingness to serve. Nominees who meet these criteria are interviewed by the Board and are asked to join the Board where consensus regarding the nominee is obtained.

Compensation

The Company's Compensation Committee is comprised of three directors: Jean Luc Roy, Tim Fernback and Ally Angula; however, the Board has not adopted a written mandate or formal procedure with respect to determining compensation for the directors and NEOs.

The Compensation Committee conducts annual reviews of the CEO, directors, and executive officers and makes recommendations to the Board. Refer to "*Oversight and Description of Director and NEO Compensation*" above for a detailed description of the Company's compensation policies.

Other Board Committees

At the present time, the Company has the following standing committees:

- (a) Compensation Committee (see "*Oversight and Description of Director and NEO Compensation*" and "*Compensation*" above); and
- (b) Audit committee (the "**Audit Committee**") (see "*Audit Committee*" below).

Assessments

The Board regularly monitors the adequacy of information given to directors, communications between the Board and management and the strategic direction and processes of the Board and its committees. The Board monitors, but does not formally assess, the performance of individual Board members and their contributions. The Board does not, at present, have a formal process in place for assessing the effectiveness of the Board as a whole, its committees or individual directors, but will consider implementing one in the future should circumstances warrant. Based on the Company's size and its stage of development, the Board considers a formal assessment process to be inappropriate at this time.

Liability Insurance

The Company has purchased, at its expense, directors' and officers' liability insurance in the aggregate amount of \$2,000,000 to protect its directors and officers against liability incurred in their capacities as directors and officers of the Company and its subsidiaries. During its most recent financial year ended August 31, 2021, the Company paid a premium of \$10,500 for insurance coverage.

Audit Committee

NI 52-110 requires the Company's Audit Committee to meet certain requirements. It also requires the Company to disclose in this Information Circular certain information regarding the Audit Committee. That information is disclosed below.

Overview

The Audit Committee's mandate includes reviewing: (i) the financial statements, reports and other financially-based information provided to shareholders, regulators and others; (ii) the internal controls that management and the Board have established; and (iii) the audit, accounting and financial reporting processes generally. In meeting these responsibilities, the Audit Committee monitors the financial reporting process and internal control system, reviews and appraises the work of the external auditors, and provides an open avenue of communication between the external auditors, senior management and the Board.

The Company's Audit Committee is comprised of three directors consisting of Jean Luc Roy, Tim Fernback, and Ally Angula.
