INFORMATION CIRCULAR

(unless otherwise specified, information is as of January 24, 2020)

This Information Circular is furnished in connection with the solicitation of proxies by the management of **Deep-South Resources Inc.** (the “**Company**”) for use at the annual general meeting (the “**Meeting**”) of the Company (and any adjournment thereof) to be held on February 28, 2020 at the time and place and for the purposes set forth in the accompanying Notice of Meeting.

In this Information Circular, references to the “**Company**”, “**we**” and “**our**” refer to the Company. “**Common Shares**” means common shares without par value in the capital of the Company. “**Beneficial Shareholders**” means shareholders who do not hold shares in their own name and “**intermediaries**” refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of Beneficial Shareholders.

The board of directors of the Company (the “**Board**”) has approved the contents and the sending of this Information Circular. All dollar amounts referred to herein are expressed in Canadian dollars unless otherwise indicated.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company. The Company will bear all costs of this solicitation. We have arranged for intermediaries to forward the meeting materials to beneficial owners of the Common Shares held of record by those intermediaries and we may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

Appointment of Proxyholders

The individuals named in the accompanying form of proxy (the “**Proxy**”) are directors and/or officers of the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.**

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors,
- (b) any amendment to or variation of any matter identified therein, and

- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter.

Registered Shareholders

Registered Shareholders may wish to vote by proxy whether or not they are able to attend the Meeting in person. Registered Shareholders may choose one of the following options to submit their proxy:

- (a) complete, date and sign the Proxy and return it to the Company's transfer agent, Computershare Investor Services Inc. ("Computershare"), by fax within North America at 1-866-249-7775, outside North America at (416) 263-9524, or by mail to the 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 or by hand delivery at 3rd Floor, 510 Burrard Street, Vancouver, British Columbia Canada V6C 3B9;
- (b) use a touch-tone phone to transmit voting choices to a toll free number. Registered shareholders must follow the instructions of the voice response system and refer to the enclosed proxy form for the toll free number, the holder's account number and the control number; or
- (c) use the internet through the website of the Company's transfer agent at www.investorvote.com. Registered Shareholders must follow the instructions that appear on the screen and refer to the enclosed proxy form for the holder's account number and the control number.

In all cases the Registered Shareholder must ensure the proxy is received at least 48 hours (excluding Saturdays, Sundays and statutory holidays) before the Meeting or the adjournment thereof at which the proxy is to be used.

Beneficial Shareholders

The following information is of significant importance to shareholders who do not hold Common Shares in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records of the Company as the registered holders of Common Shares) or as set out in the following disclosure.

If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Company. Such Common Shares will more likely be registered under the names of the shareholder's broker or an agent of that broker (an "intermediary"). In the United States, the vast majority of such Common Shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of meetings of shareholders. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

There are two kinds of Beneficial owners - those who object to their name being made known to the issuers of securities which they own (called "OBOs" for Objecting Beneficial Owners) and those who do not object to the issuers of the securities they own knowing who they are (called "NOBOs" for Non-Objecting Beneficial Owners).

The Company is taking advantage of the provisions of National Instrument 54-101 "Communication with Beneficial Owners of Securities of a Reporting Issuer" that permit it to directly deliver proxy-related materials to its NOBOs. As a result NOBOs can expect to receive a scannable Voting Instruction Form ("VIF") from our transfer agent, Computershare. These VIFs are to be completed and returned to Computershare in the envelope provided or by facsimile. In addition, Computershare provides both telephone voting and internet voting as

described on the VIF itself which contain complete instructions. Computershare will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the shares represented by the VIFs they receive.

These securityholder materials are being sent to both registered and non-registered owners of the securities of the Company. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding securities on your behalf.

By choosing to send these materials to you directly, the Company (and not the intermediary holding securities on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in your request for voting instructions.

Beneficial Shareholders who are OBOs should follow the instructions of their intermediary carefully to ensure that their Common Shares are voted at the Meeting.

The form of proxy supplied to you by your broker will be similar to the proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote your Common Shares on your behalf. Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“Broadridge”) in the United States and in Canada. Broadridge mails a VIF in lieu of a proxy provided by the Company. The VIF will name the same persons as the Company’s Proxy to represent your Common Shares at the Meeting. You have the right to appoint a person (who need not be a Beneficial Shareholder of the Company), other than any of the persons designated in the VIF, to represent your Common Shares at the Meeting and that person may be you. To exercise this right, you should insert the name of the desired representative (which may be yourself) in the blank space provided in the VIF. The completed VIF must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge’s instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting and the appointment of any shareholder’s representative. **If you receive a VIF from Broadridge, the VIF must be completed and returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to have your Common Shares voted at the Meeting or to have an alternate representative duly appointed to attend the Meeting and to vote your Common Shares at the Meeting.**

Notice to Shareholders in the United States

The solicitation of proxies involve securities of an issuer located in Canada and is being effected in accordance with the corporate laws of the Province of British Columbia, Canada and securities laws of the provinces of Canada. Corporate governance refers to the policies and structure of the board of directors of a company, whose members are elected by and are accountable to the shareholders of the company. Corporate governance encourages establishing a reasonable degree of independence of the board of directors from executive management and the adoption of policies to ensure the board of directors recognizes the principles of good management. The Board is committed to sound corporate governance practices, as such practices are both in the interests of shareholders and help to contribute to effective and efficient decision-making.

Board of Directors

Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A “material relationship” is a relationship which could, in the view of the Company’s Board, be reasonably expected to interfere with the exercise of a director’s independent judgment.

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual directors' participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Nomination of Directors

The Board considers its size each year when it considers the number of directors to recommend to the shareholders for election at the annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience. The Board does not have a nominating committee, and these functions are currently performed by the Board as a whole. However, if there is a change in the number of directors required by the Company, this policy will be reviewed.

The Company's management is continually in contact with individuals involved in areas of strategic interest to the Company. From these sources the Company has made numerous contacts and in the event that the Company was in a position to nominate any new directors, such individuals would be brought to the attention of the Board. The Company conducts the due diligence, reference and background checks on any suitable candidate. New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the time required and a willingness to serve.

Compensation

The Board considers compensation for the directors and its CEO on an annual basis.

Other Board Committees

The Board has no committees other than the audit committee.

Assessments

The Board monitors the adequacy of information given to directors, communication between the Board and management and the strategic direction and processes of the Board and committees.

Share Option Plan

The Company has a 10% "rolling" stock option plan (the "**Plan**") in place for the granting of stock options to the directors, officers, employees and consultants of the Company. The allocation of options under the Plan is determined by the Company's board of directors (the "**Board**") which, in determining such allocations, considers such factors as previous grants to individuals, overall Company performance, share price, the role and performance of the individual in question, the amount of time directed to the Company's affairs and time expended for serving on the Company's committees.

The purpose of the Plan is to assist the Company in attracting, retaining and motivating directors, officers and employees of the Company and to closely align the personal interests of such directors, officers and employees with the interests of the Company and its shareholders. Options granted under the Plan are non-assignable and may be granted for a term not exceeding that permitted by the Exchange (currently ten years). Shareholders are being asked at the Meeting, to ratify and approve the continuation of the 10% "rolling" share option plan. Refer to heading "**PARTICULARS OF MATTERS TO BE ACTED UPON – Ratification 10% "rolling" Share Option Plan**" below.

Oversight and description of Director and Named Executive Officer Compensation

Elements of the Compensation Program

The total compensation plan for NEOs is comprised of two components: base salary or consulting fees and stock options. The Board has not established any specific performance goals or similar conditions that are based on objective, identifiable measures regarding cash and non-cash elements of the Company's compensation program. Instead, the Board annually reviews the total compensation of the Company's executives against the backdrop of the general compensation goals and objectives described above and makes decisions concerning the individual components of the executives' compensation.

Base Salary or Consulting Fees

Base salary ranges for the executive officers were initially determined upon a review of companies within the mining industry, which were of the same size as the Company, at the same stage of development as the Company and considered comparable to the Company.

In determining the base salary of an executive officer, the Board considers the following factors:

- (a) the particular responsibilities related to the position;
- (b) salaries paid by other companies in the mining industry which were similar in size as the Company;
- (c) the experience level of the executive officer;
- (d) the amount of time and commitment which the executive officer devotes to the Company; and
- (e) the executive officer's overall performance and performance in relation to the achievement of corporate milestones and objectives.

Bonus Incentive Compensation

The Company's objective is to achieve certain strategic objectives and milestones. The Board will consider executive bonus compensation dependent upon the Company meeting those strategic objectives and milestones and sufficient cash resources being available for the granting of bonuses. The Board approves executive bonus compensation dependent upon compensation levels based on recommendations of the CEO. Such recommendations are generally based on information provided by issuers that are similar in size and scope to the Company's operations.

Equity Participation

The Company believes that encouraging its executives and employees to become shareholders is the best way of aligning their interests with those of its shareholders. Equity participation is accomplished through the Company's April 7, 2016 10% rolling incentive share option plan. Stock options are granted to executives and employees taking into account a number of factors, including the amount and term of options previously granted, base salary and bonuses and competitive factors. The amounts and terms of options granted are determined by the Board based on recommendations put forward by the CEO. Due to the Company's limited financial resources, the Company emphasizes the provisions of option grants to maintain executive motivation.

Compensation Review ProcessRisks Associated with the Company's Compensation Practices

At the date of this Information Circular, the Company's directors had not considered the implications of any risks to the Company associated with decisions regarding the Company's compensation program. The Company intends to formalize its compensation policies and practices and will take into consideration the implications of the risks associated with the Company's compensation program and how it might mitigate those risks.

Benefits and Perquisites

The Company does not, as of the date of this Information Circular, offer any benefits or perquisites to its directors or NEOs other than potential grants of incentive stock options as otherwise disclosed and discussed herein.

Hedging by Directors or NEOs

The Company has not, to date, adopted a policy restricting its executive officers and directors from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, which are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by executive officers or directors. As of the date of this Information Circular, entitlement to grants of incentive stock options under the Company's 2016 incentive share option plan is the only equity security element awarded by the Company to its executive officers and directors.

Option-Based Awards

The Company's April 7, 2016 10% rolling incentive share option plan provides incentive to qualified parties to increase their proprietary interest in the Company and thereby encourage their continuing association with the Company. Management proposes stock option grants to the Board based on such criteria as performance, previous grants, and hiring incentives. All grants require approval of the Board. The April 7, 2016 incentive share option plan is administered by the Board and provides that options will be issued to directors, officers, employees or consultants of the Company or a subsidiary of the Company.

Pension disclosure

The Company does not have any pension, defined benefit, defined contribution or deferred compensation plans in place.

PARTICULARS OF MATTERS TO BE ACTED UPON

Ratification 10% "rolling" Share Option Plan

TSX Venture Exchange ("TSXV") policy requires all of its listed companies to have a share option plan if the company intends to grant options. Shareholders approved the adoption of the Company's 10% rolling share option plan dated for reference April 7, 2016, at its Annual General and Special Meeting held on June 10, 2016 (the "Plan").

The Plan is a 10% maximum rolling plan. Options granted under the Plan are not exercisable for a period longer than 10 years and the exercise price must be paid in full upon exercise of the option. At the date of this Information Circular, there were options outstanding to purchase an aggregate of 575,000 Common Shares under the Company's Plan.

The Plan is subject to the following restrictions:

- (a) The Company must not grant an option to any one individual director, officer, employee, management company employee, consultant or company consultant (the "Service Provider") in any 12 month period that exceeds 5% of the outstanding shares, unless the Company has obtained approval to do so by a majority of the votes cast by the shareholders of the Company eligible to vote at a shareholders' meeting, excluding votes attaching to shares beneficially owned by insiders and their associates ("Disinterested Shareholder Approval");
- (b) The aggregate number of options granted to a Service Provider conducting investor relations activities in any 12 month period must not exceed 2% of the outstanding Common Shares calculated at the date of the grant, without the prior consent of the TSXV;
- (c) The Company must not grant an option to any one individual consultant in any 12 month period that exceeds 2% of the outstanding shares calculated at the date of the grant of the option, without the prior consent of the TSXV;
- (d) The aggregate number of Common Shares reserved for issuance under options granted to insiders must not exceed 10% of the outstanding Common Shares (in the event that the Plan is amended to reserve for issuance more than 10% of the outstanding Common Shares) unless the Company has obtained Disinterested Shareholder Approval to do so;
- (e) The aggregate number of Common Shares issued for option to insiders in any 12 month period must not exceed 10% of the outstanding Common Shares (in the event that the Plan is amended to reserve for issuance more than 10% of the outstanding Shares) unless the Company has obtained Disinterested Shareholder Approval to do so;
- (f) The issuance to any one Optionee within a 12 month period of a number of Common Shares must not exceed 5% of outstanding Common Shares unless the Company has obtained Disinterested Shareholder Approval to do so;
- (g) any one Person engaged in Investor Relations Activities for the Company must vest in stages over a 12 month period with no more than 1/4 of the Options vesting in any three month period; and
- (h) The exercise price of an option previously granted to an insider must not be reduced, unless the Company has obtained Disinterested Shareholder Approval to do so.

Material Terms to the Plan

The following is a summary of the material terms of the Plan:

- (a) Persons who are Service Providers to the Company or its affiliates, or who are providing services to the Company or its affiliates, are eligible to receive grants of options under the Plan;
- (b) options granted under the Plan are non-assignable and non-transferable and are issuable for a period of up to ten (10) years;
- (c) for options granted to Service Providers, the Company must ensure that the proposed Optionee is a bona fide Service Provider of the Company or its affiliates;
- (d) if there is a takeover bid for all or any of the issued and outstanding Common Shares, then all outstanding Options, whether fully vested and exercisable or remaining subject to vesting provisions or other limitations on exercise, shall become exercisable in full to enable the Optioned Shares to be issued and tendered to such bid, subject to prior written approval of the TSXV;
- (e) an Option granted to any Service Provider will expire 60 days (or such other time, not to exceed one year, as shall be determined by the Board as at the date of grant or agreed to by the Board and the Optionee at any time prior to expiry of the Option), after the date the Optionee ceases to be employed by or provide services to the Company, and only to the extent that such Option was vested at the date the Optionee ceased to be so employed by or to provide services to the Company;
- (f) if an Optionee dies, any vested option held by him at the date of death will become exercisable by the Optionee's lawful personal representatives, heirs or executors until the earlier of one year after the date of death of such Optionee and the date of expiration of the term otherwise applicable to such Option;
- (g) in the case of an Optionee being dismissed from employment or service for cause, such Optionee's options, whether or not vested at the date of dismissal will immediately terminate without right to exercise same;
- (h) the exercise price of each option will be set by the Board at the time such Option is allocated under the Plan, and cannot be less than the Discounted Market Price (as defined in the Plan);
- (i) vesting of Options shall be at the discretion of the Board, and will generally be subject to: (i) the Service Provider remaining employed by or continuing to provide services to the Company or any of its affiliates as well as, at the discretion of the Board, achieving certain milestones which may be defined by the Board from time to time or receiving a satisfactory performance review by the Company or any of its affiliates during the vesting period; or (ii) the Service Provider remaining as a Director of the Company or any of its affiliates during the vesting period;
- (j) the Plan contains a black-out provision restricting all or any of the Company's Service Providers to refrain from trading in the Company's securities until the restriction has been lifted by the Company;
- (k) no vesting requirements will apply to options granted under the Plan other than as required by TSXV policies; however, a four month hold period will apply to all Common Shares from the date of grant for all Options granted to:
 - (i) insiders of the Company; or
 - (ii) where Options are granted to any Service Provider, including Insiders, where the exercise price is at a discount to the Market Price; and
- (l) the Board reserves the right in its absolute discretion to amend, modify or terminate the Plan with respect to all common shares in respect of options which have not yet been granted under the Plan. Any amendment to any provision of the Plan will be subject to any necessary

Regulatory approvals unless the effect of such amendment is intended to reduce (but not to increase) the benefits of the Plan to Service Providers.

The Board has determined that, in order to reasonably protect the rights of participants, as a matter of administration, it is necessary to clarify when amendments to the Plan may be made by the Board without further shareholder approval.

Accordingly, the Plan also provides that the Board may, without shareholder approval:

- (i) amend the Plan to correct typographical, grammatical or clerical errors;
- (ii) change the vesting provisions of an option granted under the Plan, subject to prior written approval of the TSXV, if applicable;
- (iii) change the termination provision of an Option granted under the Plan if it does not entail an extension beyond the original expiry date of such Option;
- (iv) make such amendments to the Plan as are necessary or desirable to reflect changes in securities laws applicable to the Company or any requested changes by the TSXV;
- (v) if the Company becomes listed or quoted on a stock exchange or stock market senior to the TSXV, it may make such amendments as may be required by the policies of such senior stock exchange or stock market; and
- (vi) amend the Plan to reduce, and not to increase, the benefits of this Plan to Service Providers.

Pursuant to the Board's authority to govern the implementation and administration of the Plan, all previously granted and outstanding stock options shall be governed by the provisions of the Plan.

A copy of the Plan will be available for inspection at the Meeting.

Shareholder Approval

At the Meeting, Shareholders will be asked to consider and vote on an ordinary resolution to ratify and confirm the Plan, with or without variation, as follows:

“**RESOLVED** that the Company’s Share Option Plan dated for reference April 7, 2016, be and is hereby ratified and confirmed until the next annual meeting of the Company.”

An ordinary resolution is a resolution passed by the shareholders of the Company at a general meeting by a simple majority of the votes cast in person or by proxy.

A copy of the Plan will be available for inspection at the Meeting. A shareholder may also obtain a copy of the Plan by contacting the Company at #162 - 2912 West Broadway, Vancouver, British Columbia Canada. Tel: 604-340-3774.
